## Notes/Legal Notes

### Notes

1. Stock transactions settle on the trade date plus three days and securities options settle on the trade date plus one day. Ending settled cash reflects the cash which has actually settled.
2. Initial and maintenance margin requirements are available within the Account Window of the Trader Workstation.
3. Quantities preceded by a "-" sign indicate sell transactions. Other transactions are purchases. The settlement date for stock transactions is trade date + 3 business days, except for transactions on XETRA, which settle on trade date + 2 business days. Option transactions settle on trade date + 1 business day.
4. In case of partial executions, commissions are charged on the total quantity executed on the original order. The commission is displayed on the first partial execution only.
5. For clients whose accounts are being managed by an advisor, trades shown may be part of a larger trade that was allocated across multiple client accounts, based on an allocation algorithm specified by the advisor prior to execution of the trade. Times shown are times that trades were allocated to your account. Execution time on the relevant market center is available upon your request.
6. If you specified that your advisor is to receive a per-trade advisory fee, please note that the figures in the "Commiss" column in the transaction listings are gross amounts that include both IB's brokerage commission for the trade as well as the advisor's per-trade fee. IB receives its standard published brokerage commissions on your trades ( see [www.interactivebrokers.com](http://www.interactivebrokers.com) ). To determine the advisor's per-trade fee for any trade, subtract IB's standard commission from the amount shown.
